

Resumption of Night Fishing

Following the statement from Angling Trust, March 16th, we are pleased to be able to tell you that night fishing at our venues will resume on March 29th provided that the Government make no changes to the current Roadmap out of Covid.

We anticipate keen demand for Church Farm night fishing over the last 3 days of the season and have therefore decided to put the following provisions in place, for these three days only, in order to allow the maximum number of Members a fair opportunity to book night fishing for 29th, 30th, 31st March.

- Bookings will only be able to be placed on the day.
- Only one booking per member per night will be available.
- Once a booking has been placed further bookings should not be placed before 12:00 noon on following days to allow other Members an opportunity.
- The booking system will be closely monitored to ensure compliance.

If you have not taken Membership for next season, 2021-22, and wish to night fish on 31st March we ask that you vacate the venue as soon as possible on 1st April and in any event no later than 10:00am. The combination lock code will be made available on the day. The Church Farm gate lock will be changed on the evening of 31st March, please ensure that you arrive at the venue no later than 19:00 to avoid disappointment.

Thank you for your patience and understanding.

The Committee
